### **Children's Telehealth Network: Can you see me now?**

DTN and CHOC PSF Telemedicine California Outreach Program

Doctors Telehealth Network, Inc., (DTN) of Newport Beach, CA approached the Pediatric Subspecialty Faculty (CHOC PSF) Medical Group, Orange, CA to help fill a shortage of Pediatric Specialists to underserved areas of California through Telemedicine networks. DTN has a Mission of providing highly qualified urban doctors to needy areas via the DTN network: by 2-way video and audio. DTN uses the BEST ([www.arinc.com](http://www.arinc.com)) high-speed connections for TV quality appointments.

The DTN and CHOC, PSF alliance will provide substantial savings for facilities that contract for services by filling needed pediatric specialty physician services without the high cost of recruiting and retention.

CHOC PSF is affiliated with the Children's Hospital of Orange County (CHOC) and has been serving its community for over thirty years and is comprised of the following pediatric specialty areas:

*Allergy, Asthma & Immunology*

*Cardiology*

*Critical Care*

*Endocrinology & Diabetes*

*Gastroenterology & Nutrition*

*Hematology*

*Hematology*

*Infectious Diseases*

*Metabolic Disorders*

*Neonatology*

*Nephrology*

*Neurology*

*Oncology*

*Ophthalmology*

*Physiatry*

*Pulmonology*

*Rheumatology*

About DTN

*"Telehealth Revolutionizes Healthcare Access. DTN Revolutionizes Telehealth."*

About CHOC, PSF

*"When A Child's Health Is Compromised,  
Only The Highest Level Of Medical Expertise Will Do."*
